

FIELD AGENT REPORT (visit my website: kofcdavidkeeling.com)

Do you think Irish Philosopher Edmund Burke's famous line, "ALL THAT IS NECESSARY FOR EVIL TO TRIUMPH IS THAT GOOD MEN (AND WOMEN) DO NOTHING" is one possible reason Supreme Knight Carl Anderson penned, "WE HAVE A MORAL RESPONSIBILITY TO ASK EVERY ELIGIBLE CATHOLIC MAN TO JOIN THE KNIGHTS OF COLUMBUS?"

Bringing people together to support worthy causes in an environment they can be comfortable in is what the Knights of Columbus offers & provides Catholic men. This leads me to a question for you? How many sides does a coin have?

You have one side and the opposite side. What connects the two? The edge... right? So there are 3-sides to a coin. The edge of a coin is what the Knights of Columbus represents... it connects Catholic men (1-side) to accomplish good works in a group setting (2nd side). So, the K of C fights evil in asking good men to do something! How many men who regularly attend Mass and go to communion, do you see every Sunday? You'll see some every Sunday if you look. If you do so, you are evangelizing by asking him to get involved in an organization that does missionary type work, which is the 7th Church Precept.

I am asking you to add to your New Year's resolution list 2-items; connecting with other eligible Catholic men of your parish in asking them, "Has anyone asked you to join the Knights of Columbus? Let me introduce myself." And, get your insurance programs reviewed. How long has it been since you looked at your policy contracts? I can assist you with this as your Council Field Agent.
